

Earnings Presentation

Q4 2026 + FY 2026

Disclaimer

Cautionary Note Regarding Forward-Looking Statements

This presentation contains forward-looking statements that involve substantial risks and uncertainties. All statements contained in this presentation other than statements of historical fact, including statements regarding our future operating results and financial condition, our business strategy and plans, market growth, and our objectives for future operations, are forward-looking statements. The words “believe,” “may,” “will,” “potentially,” “estimate,” “continue,” “anticipate,” “intend,” “could,” “would,” “project,” “target,” “plan,” “expect,” and similar expressions are intended to identify forward-looking statements.

These forward-looking statements are made as of the date they were first issued and are based on information available to Wealthfront together with Wealthfront’s expectations, estimates, forecasts, projections, beliefs, and assumptions as of such date. Forward-looking statements are subject to a number of risks and uncertainties, many of which involve factors or circumstances that are beyond Wealthfront’s control. Wealthfront’s actual results could differ materially from those stated or implied in forward-looking statements due to a number of factors. Further information on potential risks that could affect actual results is included in Wealthfront’s most recent filings with the Securities and Exchange Commission (the “SEC”), including in our most recent Form 10-Q, copies of which may be obtained by visiting Wealthfront’s Investor Relations website at <https://ir.wealthfront.com> or the SEC’s website at <https://www.sec.gov>. Past performance is not necessarily indicative of future results. Wealthfront undertakes no intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law. Forward-looking statements should not be relied upon as representing Wealthfront’s views as of any date subsequent to the date of this presentation.

Additional Information

We announce material information to the public through filings with the SEC, the investor relations page on our website (ir.wealthfront.com), press releases, public conference calls, public webcasts, and our social media accounts on X, Instagram, Facebook, and LinkedIn in order to achieve broad, non-exclusionary distribution of information to the public and for complying with our disclosure obligations under Regulation FD.

The content of our websites and information that we may post on or provide to online and social media channels, including those mentioned above, and information that can be accessed through our websites or these online and social media channels are not incorporated by reference into this presentation or in any report or document we file with the SEC, and any references to our websites or these online and social media channels are intended to be inactive textual references only.

Non-GAAP Financial Measures

We collect and analyze operating and financial data to evaluate the health of our business, allocate our resources, and assess our performance. In addition to total revenue, net income and other results under GAAP, we utilize non-GAAP calculations of adjusted earnings before interest, taxes, depreciation, and amortization (“Adjusted EBITDA”). Adjusted EBITDA is defined as net income, excluding: (i) interest expenses, (ii) provision for (benefit from) income taxes, (iii) depreciation and amortization, (iv) stock-based compensation expense, (v) change in fair value of the convertible note, warrant liabilities, and SAFEs, and (vi) nonrecurring expenses, if any. The above items are excluded from our Adjusted EBITDA measure because these items are non-cash in nature, or because the amount and timing of these items is unpredictable, are not driven by core results of operations and render comparisons with prior periods and competitors less meaningful. We define Adjusted EBITDA Margin as Adjusted EBITDA divided by revenue. We believe Adjusted EBITDA and Adjusted EBITDA Margin provide useful information to investors and others in understanding and evaluating our results of operations, as well as providing a useful measure for period-to-period comparisons of our business performance. Moreover, we have included Adjusted EBITDA and Adjusted EBITDA Margin in this presentation because they are key measurements used by our management internally to make operating decisions, including those related to operating expenses, evaluate performance, identify trends affecting our business and perform strategic planning and annual budgeting. Free Cash Flow reflects net cash provided from operating activities, less (i) purchases of property, software, and equipment and (ii) capitalized internally developed software. We believe Free Cash Flow allows investors to evaluate the cash generated from our underlying operations in a manner similar to the method used by management. However, the utility of Free Cash Flow as a measure of our liquidity is limited as it does not represent the total increase or decrease in our cash balance for a given period. Free Cash Flow Conversion reflects Free Cash Flow divided by Adjusted EBITDA. Adjusted Operating Expenses reflect GAAP expenses, less (i) stock-based compensation expense and (ii) nonrecurring expenses, if any. The above items are excluded from our Adjusted Operating Expenses because these items are non-cash in nature, or because the amount and timing of these items is unpredictable, are not driven by core results of operations and render comparisons with prior periods and competitors less meaningful. Please refer to the Appendix for a reconciliation of each non-GAAP financial measure presented herein to the most directly comparable financial measure stated in accordance with GAAP.

Q4 2026 Business Update

Second Consecutive Record Quarter of Net Cross Account Transfers to Investment Advisory

Highlights the balanced nature of the business and the enhanced breadth of Investment Advisory products available to clients

Early Access to Wealthfront Home Lending

Launched early access to Wealthfront Home Lending in November 2025 starting in Colorado and having since expanded into Texas and California

Wealthfront Treasury Money Market Fund (WLTXX)

Launched in December 2025 with February-end assets under management over \$85 million

Enhanced Investment Advisory & Cash Management Offerings

Increased the base APY on the Wealthfront Cash Account by five basis points to 3.30% effective January 30th due to the effective federal funds rate stabilizing at a higher rate within its target range

Introduced auto dividend sweeps from Investment Advisory to Cash Management accounts

Expanded availability of fractional shares into Automated Investing Accounts and Automated Bond Portfolios

Increased withdrawal limits up to \$1 million for qualified Cash Management clients

Introduced Dividend Reinvestment Plans and added additional stock and ETF tickers within the Stock Investing account

C2023

Home Mortgages

Wealthfront Treasury Money Market Fund (WLTXX)

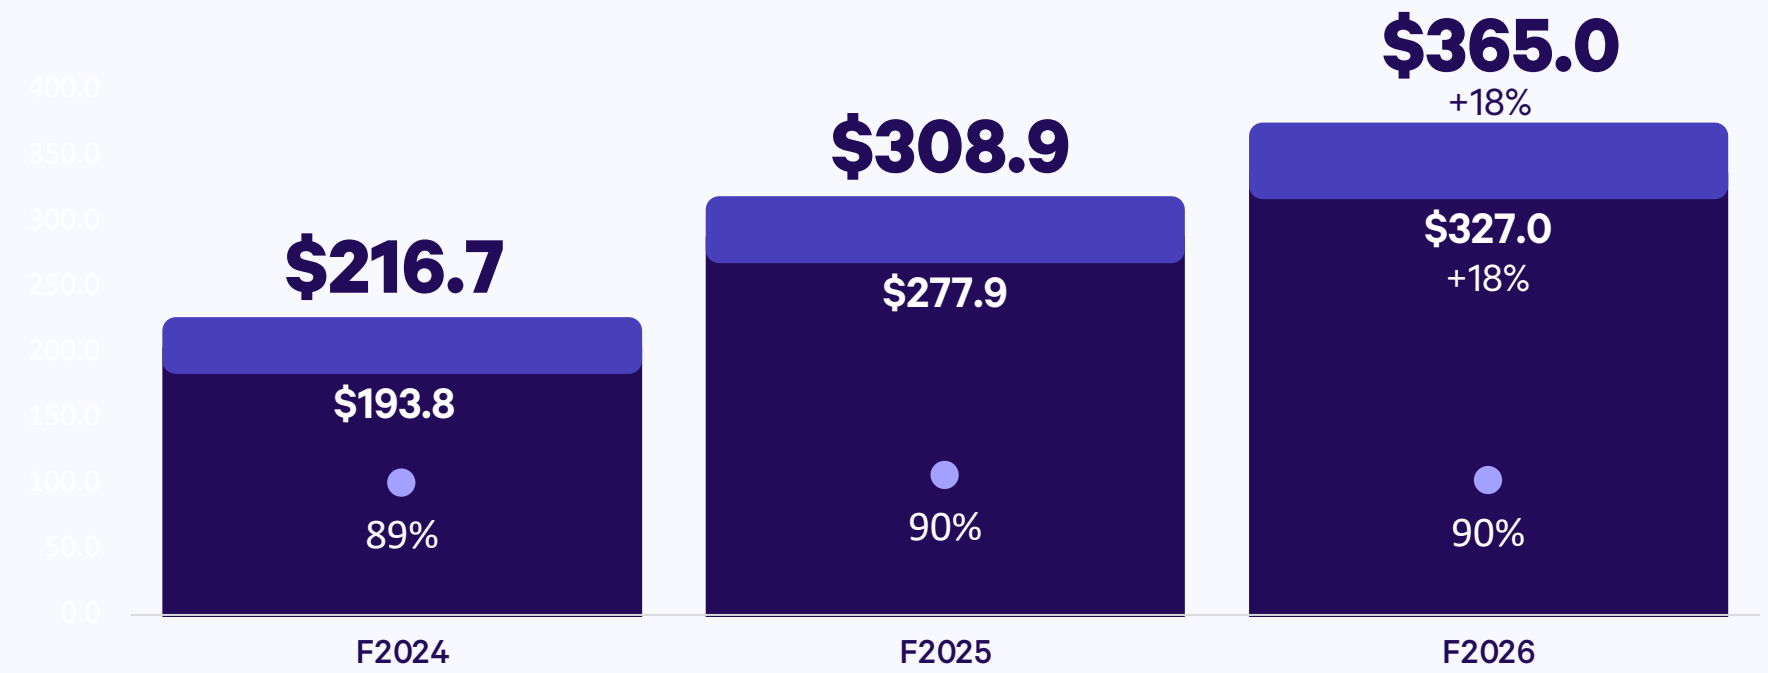

Total Platform Assets (in \$ B)

- Investment Advisory
- Cash Management

Total Revenue & Gross Profit (in \$ M)

- Gross profit margin
- Cost of Revenue
- Gross profit

Adjusted Operating Expenses (in \$ M)

Adj. EBITDA (in \$ M) & Adj. EBITDA Margin (in %)

- Adjusted EBITDA margin
- Adjusted EBITDA

Total Platform Assets

(in \$ B)

- Investment Advisory
- Cash Management

- Record month-end Total Platform Assets of \$94.1 billion were up 17% year-over-year (YoY). This included trailing twelve-month net deposits of \$6.7 billion.
- Investment Advisory Assets of \$48.7 billion were up 29% YoY.
- Cash Management Assets of \$45.4 billion were up 7% YoY.

Total Net Deposits

(in \$ B)

- Total net outflows in Q4 2026 were \$0.4 billion. Investment Advisory net deposits were \$1.3 billion including a second consecutive record quarter of net cross account transfers from Cash Management to Investment Advisory. Cash Management net outflows were \$1.7 billion, but as expected, began to normalize in mid-January.
- Net outflows from Cash Management were \$145 million in February, a significant improvement from the \$840 million in net outflows in January.
- Since February 16th, Cash Management net deposits have been positive; however, we expect withdrawals due to tax time seasonality to begin later in March and continue up until the April 15th federal tax deadline.
- Fiscal Q1 ends April 30th and typically experiences tax time seasonality.

Total Funded Accounts & Funded Clients

(in 000s)

- Funded accounts ended the quarter at roughly 1.84 million, up 16% YoY, with funded clients of roughly 1.42 million, up 17% YoY, reflecting 1.3 funded accounts per funded client.
- Q4 2026 was the strongest quarter of new funded Investment Advisory clients added in the year.

Total Revenue & Gross Profit (in \$ M)

- Gross profit margin
- Cost of Revenue
- Gross profit

Adjusted Operating Expenses (in \$ M)

- Record quarterly revenue of \$96.1 million, up 16% YoY, and record quarterly gross profit of \$86.6 million, up 17% YoY.
- Record quarterly revenue included Cash Management revenue of \$69.7 million, up 12% YoY, due to higher average Cash Management balances and a slightly higher fee rate, and Investment Advisory revenue of \$25.8 million, up 31% YoY, due primarily to higher average Investment Advisory balances.
- Strong gross profit margin of 90% flat YoY.

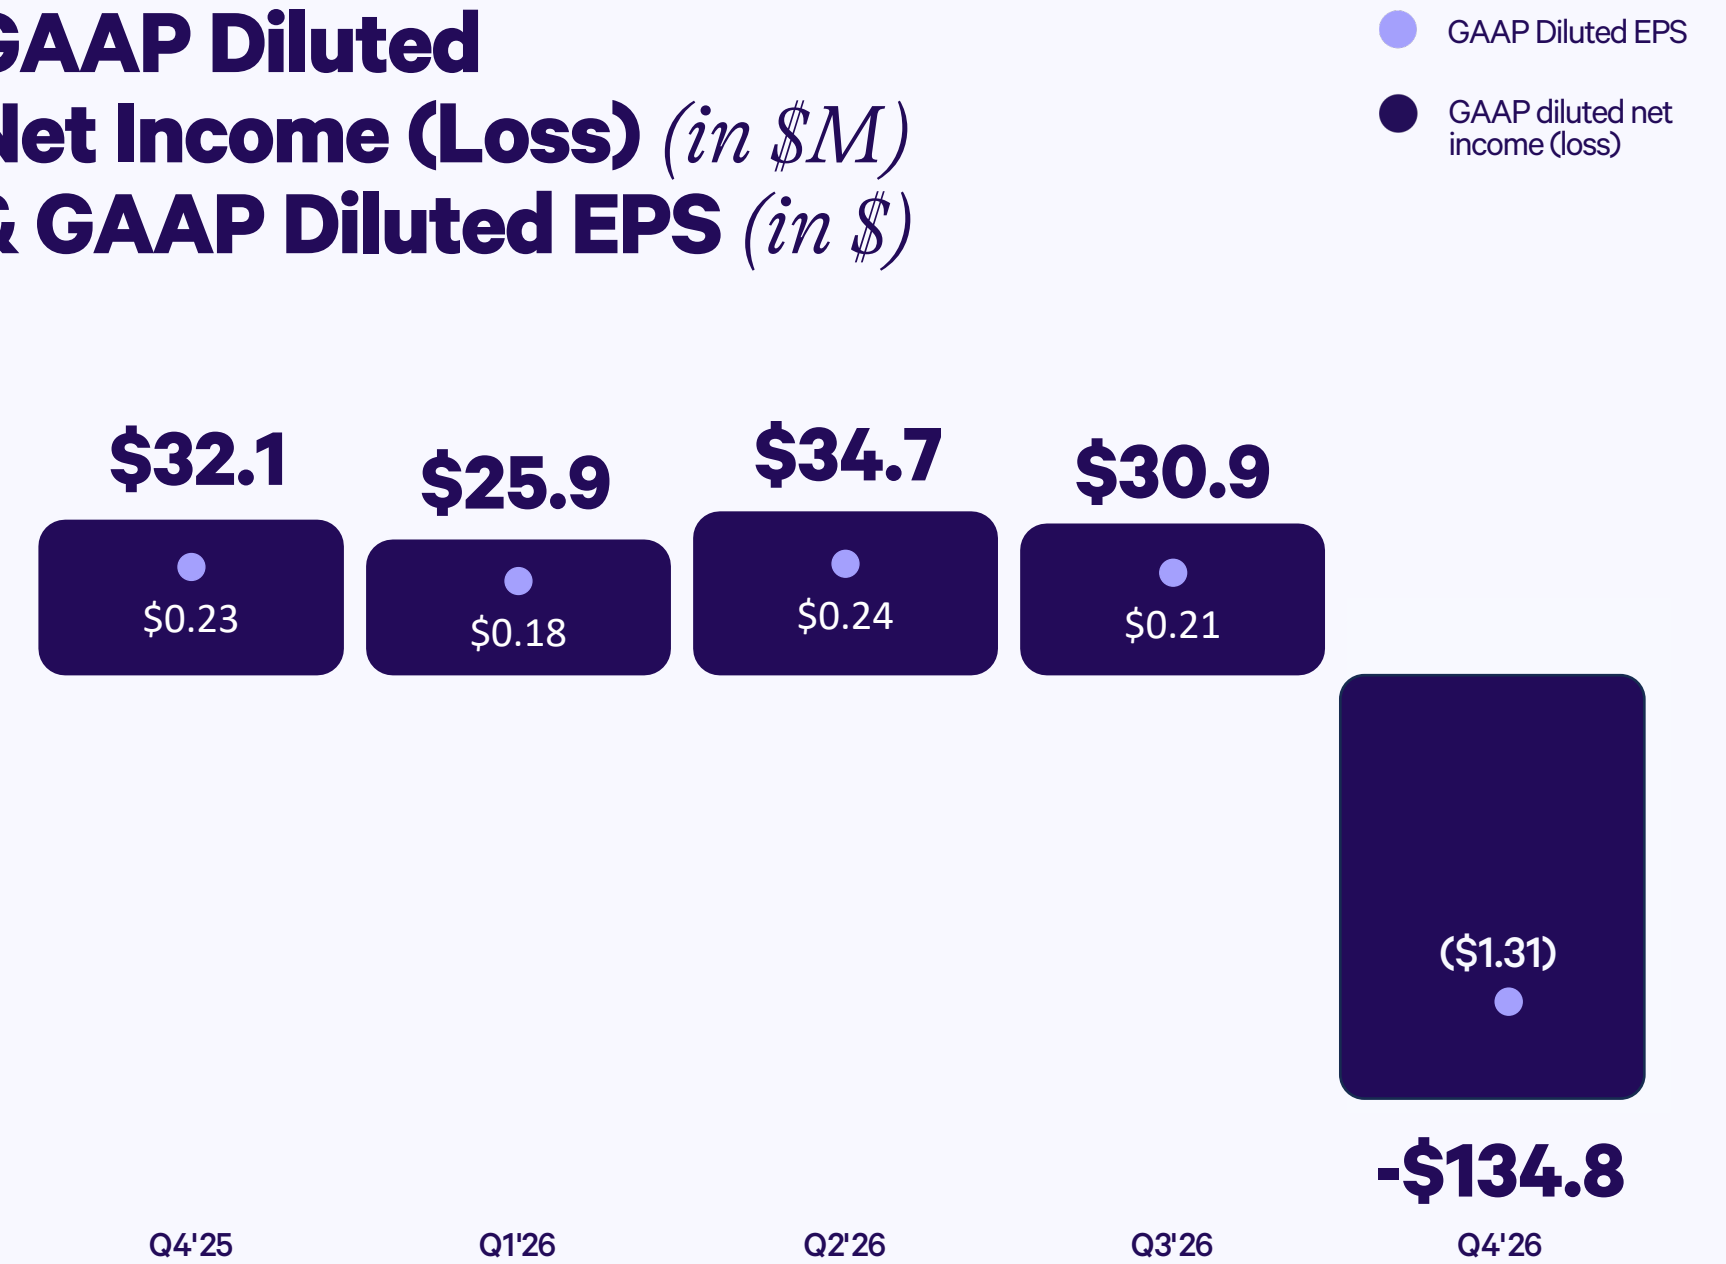

- Adjusted operating expenses were \$57.1 million, up 15% YoY, due primarily to higher product development expense, partially offset by lower marketing expense.
- Refer to the Appendix for more details on expenses and a reconciliation of non-GAAP financial measures to the most directly comparable financial measure stated in accordance with GAAP.

Adj. EBITDA (in \$M) & Adj. EBITDA Margin (in %)

- Adjusted EBITDA of \$44.2 million was up 22% YoY and reflected an adjusted EBITDA margin of 46%, up 2 percentage points YoY.
- The strong operating leverage was driven primarily by revenue growth of 16% YoY outpacing the 15% YoY growth in adjusted operating expenses.

GAAP Diluted Net Income (Loss) (in \$M) & GAAP Diluted EPS (in \$)

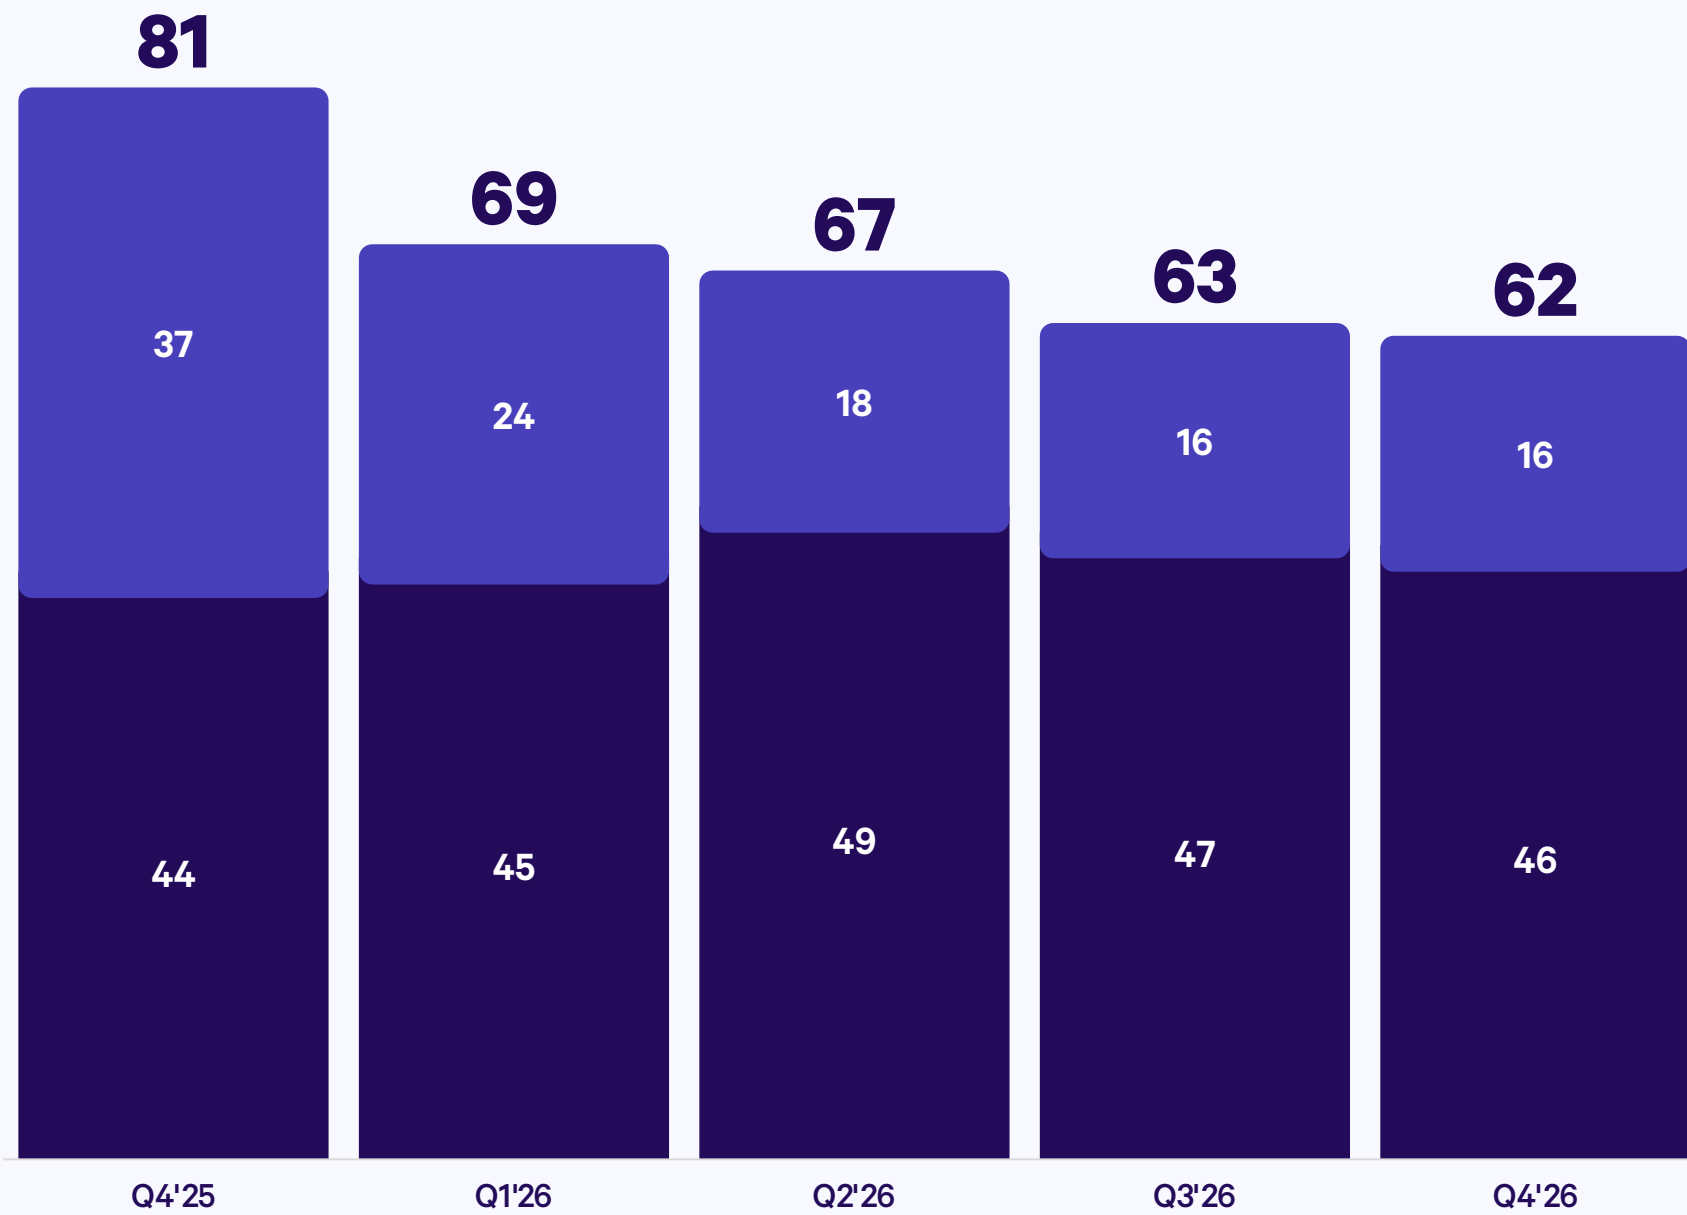

- GAAP diluted net income (loss) of -\$134.8 million was down YoY driven primarily by elevated share-based compensation expense as a result of one-time, dual-trigger equity awards settled in connection with our IPO of \$239.0 million.
- GAAP diluted earnings per share (EPS) of \$(1.31) was down YoY primarily due to the factors noted above.

Rule of 40 (in Percentage Points)

- Revenue growth (in ppt)
- Adjusted EBITDA margin (in ppt)

Free Cash Flow (\$M) & Free Cash Flow Conversion (in %)

- Free cash flow conversion
- Free cash flow

- Q4 is a seasonally lower free cash flow quarter as we pay out 65% of accrued annual cash bonuses to our employees in January. The remaining 35% is paid in July or Q2.
- Q4'25 includes interest paid on related-party long-term debt of \$6.2 million.

Note: Fiscal quarters ended January 31, April 30, July 31, and October 31. Please refer to the Appendix for a reconciliation of non-GAAP financial measures to the most directly comparable financial measure stated in accordance with GAAP.

Corporate Liquidity

(in \$M)

- Revolving credit facility (untapped)
- Corporate cash & cash equivalents

- No corporate debt
- Corporate cash in Q4'26 includes net IPO proceeds raised in December.

¹ Average balance rows represent the average of the beginning of period and end of period balances.

² Annualized cash management fee rate and Annualized investment advisory fee rate is calculated by annualizing revenue for the given period and dividing by the applicable average asset balance.

Note: Fiscal quarters ended January 31, April 30, July 31, and October 31.

Definitions

Key Business Metrics

Platform assets: We define “platform assets” as the total value of financial assets held by clients in their accounts as of a stated date on our platform. Net deposits and changes in value attributable to financial market performance are included in the change in platform assets in any given period. We further break down platform assets into two categories of products: cash management and investment advisory.

Net deposits: We define “net deposits” as the value of all assets clients have placed into products on our platform, net of withdrawals, over a defined period of time. We exclude changes in value attributable to financial market performance from this metric. We view net deposits as an important barometer of our ability to scale and grow organically and accumulate assets onto our platform. We view the relevant metric as net deposits on a platform-wide basis, not by individual product. Although net deposits can vary by product based on the economic environment, total net deposits provides a more comprehensive view of our growth because our platform offers diverse financial products that are designed to perform under a wide range of economic conditions, allowing the business to maintain resilience and increase total platform assets across market cycles and through extraordinary events.

Funded clients: We define “funded clients” as clients with balances greater than zero or that have been greater than zero on at least one occasion during the 45 consecutive calendar days ending as of the measurement date. Funded clients include clients with a zero balance across all accounts as of the measurement date if they had greater than zero balances in at least one account within 45 calendar days prior to the measurement date. Individuals who shared funded joint accounts are each considered to be a separate funded client. The number of funded clients is as of a stated date and reflects our scale and monetization potential.

Funded accounts: We define “funded accounts” as accounts with balances greater than zero or that have been greater than zero on at least one occasion during the 45 consecutive calendar days ending as of the measurement date. Funded accounts include accounts with a zero balance as of the measurement date if they had greater than zero balances within 45 calendar days prior to the measurement date. A shared funded joint account is considered a single funded account. The number of funded accounts is as of a stated date and reflects our scale and monetization potential.
